

## Soft, Fluffy Hair Is First Aid to Beauty

If your hair is not fluffy, soft and lustrous, is falling out, streaked, faded, brittle or full of dandruff, and if the scalp itches do not think it must always be that way, for pretty hair is only a matter of care and the use of the proper hair dressing. Your hair is like a plant—if neglected it soon dies, while with a little attention it keeps fresh and beautiful.

Parlisan Sage is a scientific preparation that supplies just the elements needed to invigorate the hair roots and stimulate your hair to grow long, thick, fluffy soft, and lustrous. It removes all dandruff with one application and quickly stops itching head and falling hair. It is the ideal hair tonic and scalp treatment—contains nothing injurious and is delicately perfumed.

W. L. Gokay, or any druggist, can supply you with Parlisan Sage—it is inexpensive. You cannot be disappointed with this delightful and helpful toilet necessity, for it will surely give your hair the beauty and charm of youth.

### VERMONT STATE FAIR BANQUET

Interests of Association Discussed at White River Junction

A meeting of the Vermont state fair commission was held in White River Junction Friday evening last week, at which matters appertaining to the interests of the fair were discussed and reports of the fair read.

Following the business part of the meeting a banquet was served at the Junction house at which 56 were present, including commissioners, heads of departments and invited guests. Gov. Allen M. Fletcher who was expected to be present, was unable to come.

James B. Estee of Montpelier, president of the State Fair association, officiated as toastmaster.

Among those who responded to toasts were E. S. Brigham of St. Albans, state commissioner of agriculture, who spoke on "The State fair as a benefit to the agricultural interests of Vermont."

### H. Waite & Son, big potato dealers

of Morristown, have received an order from Southern Pines, N. C., for 1800 bushels of potatoes, two tons of squash and a large order of carrots, turnips and onions. They make a shipment of butter to the same place every week. Ed Cross of the south part of the town will furnish the squash and M. D. Hens of the west part of the town has agreed to be on hand with the carrots and 180 bushels of turnips.

### GET RID OF HUMORS AND AVOID SICKNESS

Humors in the blood cause internal derangements that affect the whole system, as well as pimples, boils and other eruptions, and are responsible for the readiness with which many people contract disease. For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their inward and outward effects. Get Hood's. No other medicine acts like it.

### PORTUGAL EXCITED

Country Almost Ready to Declare War Against Germany

Lisbon, Oct. 28.—Portugal is on the verge today of declaring war against Germany. Advice received from the government of Portuguese West Africa state that a German force has invaded the province of Aragoia, which is a Portuguese colony.

The governor was forwarded orders today to resist the German invasion with all the military forces at his command.

### Positively Masters Group

Foley's Honey and Tar Compound cuts the thick choking mucus, and clears away the phlegm. Opens up the air passages and stops the hoarse cough. The gasping, strangling fight for breath gives way to quiet breathing and peaceful sleep. Harold Berg, Mass., Mich., writes: "We give Foley's Honey and Tar to our children for croup and it always acts quickly." No wonder a man in Texas walked 15 miles to the store to get a bottle of Foley's Honey and Tar Compound. Every user is a friend. Harold W. Cole.

### QUARANTINE ON N. E. STONE

Danger of Spreading Gypsy Moth Necessitates Federal Inspection

Washington, D. C., Oct. 28.—Owing to the fact that egg clusters of the gypsy moth are being distributed on stone and quarry products from the infested region of New England to other sections of the United States, the Secretary of Agriculture has placed such products under regulation as to interstate movement by a quarantine, effective October 23, 1914. This action is taken under authority given in the act of Congress making appropriations for the Department of Agriculture in relation to the gypsy moth and brown-tail moth control in New England, and is entirely independent of the plant quarantine act. The provisions, however, governing the inspection and certification of stone and quarry products are substantially the same as those governing the movement of nursery stock and other plant products under the plant quarantine act referred to in relation to the same insect. The area covered by this quarantine is identical with the area covered by the plant quarantine. This quarantine puts no bar on the interstate traffic in stone and quarry products, except to provide for Federal inspection and certification will be made on application.

### Gray Hair Restored

"WALNUTTA HAIR STAIN"

Many men, troubled by graying hair or baldness, have been told to use hair oil, hair cream, hair pomade, or hair lotion. These are all useless. The only way to restore gray hair is by using "Walnutta Hair Stain." It is a natural hair restorer, and it will give you a full head of hair again. It is sold in bottles of 50c and \$1.00. Send for a free trial bottle. Write to: WALNUTTA CO., 2208 Clark Ave., St. Louis, Mo. Send this advertisement and GET FREE SAMPLE.
